RULES

BILL of LADING, GENERAL

360

This Rules Tariff is an integral part of the Bill of Lading Contract and of all contractual relationships of the carrier. This Rules Tariff contains the Terms and Conditions specifically governing the Bill of Lading, Loss and Damage Claims, Overcharges, Undercharges and related matters. Refer exclusively to this Rules Tariff to determine the process and time limitations in effect. If there is a conflict between the carrier's Tariffs and Contracts and any governing publication, or any bill of lading or other shipping document prepared in connection with a shipment, the carrier's Tariffs and Contracts will control and govern the movement of goods.

Unless otherwise agreed to in writing, Contract Terms and Conditions shall be those as indicated in the carrier's bill of lading as governed by the carrier's Rules Tariff and Contracts in effect on the date the shipment was tendered to the carrier. Where a bill of lading other than the carrier's bill of lading, issued by the shipper, is signed for by the carrier's driver or other person(s), that signature ONLY acknowledges receipt of the freight and identifies the entity to deliver. It is NOT a contract for the carriage of freight. Continued use of an unauthorized bill of lading by the shipper will NOT constitute an implied acceptance by the carrier.

All references made to Rates or "Rates on File" mean rates contained in the carrier's files. Such rates shall be available to shippers on request to the extent that they apply to the shipper.

Any alteration, addition or erasure in the carrier's bill of lading which is made without the special notation thereon of the agent of the carrier issuing this bill of lading, shall be without effect, and the bill of lading shall be enforceable according to its original tenor.

Please also see Section 2 of this Rules Tariff, "Bill of Lading Contract Terms and Conditions".

CANCELING ORIGINAL and REVISED PAGES, METHOD of

382

When this Tariff or Tariffs governed by this Tariff are amended by revised pages, the cancellation of prior pages will be affected by means of this rule. A revised page will not show a cancellation notice, (See Exception).

Except where a specific cancellation is shown on a new revised page, a revised page cancels any and all uncanceled revised or original pages, or uncanceled portions thereof, which bear the same page number.

Examples: "First Revised Page 1" will have the effect of canceling Original Page 1; "4th Revised Page 2" will have the effect of canceling 3rd Revised Page 2 and also 2nd Revised Page 2 as well as any earlier version of Page 2.

EXCEPTION: This Tariff's Index will be updated as a single unit. No distinction will be made between different Pages of the Index. The Revision Number of any Page of the Index will indicate the Revision Number of the Entire Index.

CAPACITY LOADS – OVERFLOW as a SEPARATE SHIPMENT

390

The minimum weight specified applies in connection with each vehicle used to transport the shipment.

That portion of the shipment which can be loaded into a vehicle will be charged for at the actual weight loaded, or the applicable minimum weight. The remaining portion of the shipment which cannot be loaded into said vehicle will be charged for as a separate shipment.

CALIFORNIA COMPLIANCE SURCHARGE

395

Effective Nov. 1, 2021, an \$8.49 surcharge will be assessed on shipments originating or delivering in the state of California to recover costs incurred by carrier for mandated compliance with state clean air regulations. No customer shall be exempt from these charges regardless of previously published contract terms and conditions or any other pricing document. The surcharge will be assessed per bill of lading tendered. Multiple bills of lading, from one shipper tendered on the same date, will be charged per bill of lading.

Such charge will be in addition to all other applicable charges and will be assessed against the consignor. The provisions of this Item do NOT obligate the carrier to obtain chassis, if such chassis are not available.

As a condition precedent to recovery, claims and suits must be accompanied by the original paid bill for transportation, (or a copy of same notarized as identical) and must be filed in writing with the carrier as follows:

- 1: Such claims must be filed within **nine months** after the delivery of the property (or, in the case of export traffic, within nine months after delivery at the port or export), except that claims for failure to make delivery must be filed within nine months after a reasonable time for delivery has elapsed.

- 5: Suits for undercharges shall be instituted against the shipper, consignee, or payer of the freight charges no later than **18 months** from the post mark date when written notice is sent to the carrier by the party responsible for freight charges that such party has disallowed the claim or any part or parts of the claim specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, the party responsible for freight charges shall NOT be liable, and such claims need Not be paid.
- 6: Suits for loss, damage, injury or delay shall be instituted against any carrier no later than **two years and one day** from the post mark date when written notice is sent by the carrier to the claimant that the carrier has disallowed the claim or any part or parts of the claim specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, the carrier shall NOT be liable, and such claims will Not be paid.
- 7: Duplicate billing issues shall be resolved in accordance with State Laws in effect in the state containing the carrier's principle place of business.
- 8: All disputes shall be initiated and settled with respect to venue within the County containing the carrier's principle place of business.

This Tariff is an integral part of the Bill of Lading Contract and of all contractual relationships of the carrier. Also Refer to Section 2 of this Tariff for additional Terms and Conditions specifically governing the Bill of Lading.

- 4: If no payment or disputed payment is made short of the billed amount and the carrier is required to incur costs to collect past due charges, the carrier shall be entitled to recover its collection costs, including its attorney fees and administrative costs, in addition to the charges owing and **regardless of whether legal proceedings are instituted**. If legal proceedings are instituted to collect past due charges, the carrier shall be entitled to recover, in addition to the past due charges, its collection costs, including but not limited to, its attorney fees, court costs and administrative fees.
- 5: This shall be applied **ONLY** to the non-payment of original, separate, or independent freight bills and shall NOT apply to aggregate "Balance-Due" claims sought for collection on past shipments by a Bankruptcy Trustee, or any other person or agent.
- 6: A shipper who is delinquent in paying the freight charges will accrue the following service charges on each delinquent freight bill:

ON HAND FREIGHT

675

From time to time and for various reasons, freight may be deemed to be "on-hand." Freight will be deemed on-hand with or without notice. When freight is "on-hand" the legal liability of Carrier is altered from that of a motor Carrier to that of a warehouseman pursuant to the Uniform Commercial Code. The procedures which Carrier agrees to and will take as a warehouseman involve the use of ordinary care to keep the lading in a safe or suitable place or to store the lading properly. Carrier shall place the lading in public storage, if available, unless Carrier receives contrary disposition instructions from Debtor within twenty-four (24) hours. If disposition instructions are not given by Debtor within ten (10) days of Carrier's initial notification to Debtor, Carrier may offer the lading for sale in any commercially reasonable manner Carrier chooses. In the case of perishable lading, Carrier may dispose of the lading at a time and in a manner Carrier deems appropriate. Debtor will be responsible for storage costs and reasonable costs Carrier incurs in acting as a warehouseman. To the extent any sale or disposal revenues exceed the storage costs and the costs Carrier incurs as a warehouseman, Carrier shall remit the balance to Debtor. If Debtor gives Carrier timely disposition instructions, Carrier shall use any commercially reasonable steps to abide with such instructions. Debtor will pay Carrier's costs and any additional transportation costs Carrier incurs in doing so.

BILLS of LADING			2100

BILL of LADING CONTRACT TERMS and CONDITIONS:

Sec. 1. (a) The carrier or the party in possession of any of the property described in the carrier's bill of lading shall be liable as at common law for any loss or damage thereto, except as hereinafter provided.

(b) No carrier shall be liable for any loss of or damage to a shipment or for any delay caused by an Act of God, the public enemy, the authority of law or the act or default of the shipper. Except in the case of negligence of the carrier or party in possession, the carrier or the party in possession shall not be liable for loss, damage or delay which results: when the property is stopped and held in transit upon request of the shipper, owner or party entitled to make such request; or from faulty or impassable highway, or by lack of capacity of any highway, bridge or ferry, or from a defect or vice in the property, or from riots or strikes. The burden to prove freedom from negligence is on the carrier or the party in possession.

Sec. 2. Unless arranged or agreed upon in writing, prior to shipment, the carrier is not bound to transport a shipment by a particular or in time for any particular market, but is responsible to transport with **reasonable dispatch**. In the case of physical necessity, the carrier may forward a shipment via another carrier.

Sec. 3. (a) As a condition precedent to recovery, claims must be filed in writing with the carrier as provided herein.

(b) Claims for loss or damage must be filed within **nine months** after the delivery of the property (or, in the case of export traffic, within nine months after delivery at the port of export), except that claims for failure to make delivery must be filed within nine months after a reasonable time for delivery has elapsed.

(c) Suits for loss, damage, injury or delay shall be instituted against any carrier no later than **two years and one day** from the day when written notice is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts of the claim specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier shall be liable, and such claims will not be paid.

(d) Any carrier or party liable for loss or damage to any of said property shall have the full benefit of any insurance that may have been affected, upon or on account of said property, so far as this shall not void the policies or contracts of insurance, **PROVIDED**, that the carrier receiving the benefit of such insurance will reimburse the claimant for the premium paid on the insurance policy or contract.

Sec. 4. (a) If the consignee refuses the shipment tendered for delivery by the carrier or if the carrier is unable to delivery the shipment because of fault or mistake of the shipper or consignee, the carrier's liability shall then become that of a warehouseman. The carrier shall promptly attempt to provide notice, by telephonic or electronic communication as provided on the face of the bill of lading, if so indicated, to the shipper or the party, if any, designated to receive notice on this bill of lading. Storage charges, based on the carrier's provisions in effect, shall start no sooner than the **next business day** following the attempted notification. Storage may be, at the carrier's option, in any location that provides reasonable protection against loss or damage. The carrier may place the shipment in public storage at the owner's expense and without liability to the carrier.

(b) If the carrier does not receive disposition instructions within **48 hours** of the time of the carrier's attempted first notification, the carrier will attempt to issue a second and final confirmed notification. Such note shall advise that if the carrier does not receive disposition instructions within **10 days** of that notification, the carrier may offer the shipment for sale at a public auction and the carrier has the right to offer the shipment for sale. The amount of sale will be applied to the carrier's invoice for transportation and other lawful charges. The owner will be responsible for the balance of charges not covered by the sale of goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.

(c) Where the carrier has attempted to follow the procedures set forth in subsections 4(a) and (b) above and the procedure provided in this section is not possible, nothing in this section shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law. When perishable goods can not be delivered and disposition is not given within a reasonable time, the carrier may dispose of property to the best advantage.

(d) Where the carrier is directed by the consignee or shipper to unload or delivery property at a particular location where the shipper, consignee, or the agent of either, is not regularly located, the risk after unloading or delivery shall not be that of the carrier.

BILL of LADING CONTRACT TERMS and CONDITIONS:- Concluded

Sec 5. (a) In all cases not prohibited by law, where a lower value than the actual value of the said property has been stated in writing by the shipper or has been agreed upon in writing as the released value of the property on which the rate is based, such lower value plus freight charges if paid shall be the maximum recoverable amount for loss or damage, whether or not such loss or damage occurs from negligence.

(b) No carrier hereunder will carry or be liable in any way for any documents, coin, money, or for any articles of extraordinary value not specifically rated unless a special agreement to do so and a stipulated value of the articles are endorsed on the bill of lading.

Sec. 6. Every party, whether principal or agent, who ships explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods. Such goods may be warehoused at the owner’s risk and expense or destroyed without compensation.

Sec. 7. (a) The shipper or the consignee shall be liable for the freight and other lawful charges accruing on the shipment, as billed or corrected, except that collect shipments may move without recourse to the shipper when the shipper so stipulates by signature or endorsement in the space provided on the face of the bill of lading. Nevertheless, the shipper shall remain liable for transportation charges where there has been an erroneous determination of the freight charges assessed, based upon incomplete or incorrect information provided by the shipper.

(b) Notwithstanding the provisions of subsection (a) above, the consignee’s liability for payment of additional charges that may be found to be due upon delivery shall be specified by 49 U.S.C. §13706, except that the consignee need not provide the specified written notice to the delivering carrier if the consignee is a for-hire carrier.

(c) Nothing in this bill of lading shall limit the right of the carrier to require the payment or guarantee of the charges at the time of shipment prior to delivery. If the description of articles or other information on the carrier’s bill of lading is found to be incorrect or incomplete, the freight charges must be paid on the articles actually shipped.

Sec. 8. If the carrier’s bill of lading is issued on the order of the shipper or his agent, in exchange or in substitution for another bill of lading, the shipper’s signature on the prior bill of lading or in connection with the prior bill of lading as to the statement of value or otherwise, or as to the election of common law or bill of lading liability shall be considered a part of the carrier’s bill of lading as fully as if the same were written on or made in connection with the carrier’s bill of lading.

Sec. 9. If all or any part of said property is carried by water over any part of said route, such water carrier shall be performed subject to the terms and provisions and limitations of liability specified by the “Carriage of Goods by Sea Act” and any other pertinent laws applicable to water carriers.
